

## Questions & Answers for RFP Laundry

**Q.** I see there are 32 locations. Are we bidding to deliver to each location or is it a single drop point and then CR School has someone deliver to each individual school?

**A.** Vendor will deliver to each school and pickup soiled laundry.

**Q.** Do you have an estimate of aprons and towels each site would have? Are there any other items besides aprons and towels that need dry cleaned?

**A.** In Attachment A of the RFP, there is an average weekly usage for schools. This would be the average number of pieces for one school, not the total amount needed for 32 sites.
