

# Would you and your 9- or 10-year-old child like to participate in an immersive virtual reality study?

Participation involves coming to the Hank Virtual Environments Lab on the University of Iowa campus. Once there, parents and children will walk in an immersive virtual environment. Parents will fill out questionnaires about their child's behavior. The study takes about one hour.

## To be eligible for the study ...

- the child must be 9 or 10 years old
- the child and accompanying parent must be fluent in written and spoken English
- the child must have normal or corrected-to-normal vision and hearing

\$15 compensation for kids  
\$15 compensation for parents  
\*plus free parking
