

How to Access ClassLink

Classlink is a web-based (cloud) technology that can be accessed from any internet-capable device with an internet connection (Wi-Fi).

Student Version

Logging in to ClassLink from home or outside of school

- ☐ The preferred browser is Google Chrome 

Type in your school website URL, schoolname.crschools.us or search for your school in the browser.

You can also type in my.classlink.com/crcsd.

You can access Classlink from **Quicklinks** located on the Home Page of the school website. Navigate to the bottom right corner of the screen.

At the Authentication Pop up Window:

- ❑ Click on someone@example.com line and enter your email address. This is your full email address. A student's full email address is their [username@crschools.us](#) .
- ❑ Click on the Password line and enter your Password. This is the exact same password used to login to the computers when you are at school.
- ❑ Click on 

- You should see this window next and your **Classlink** dashboard should appear after you click on District Login or use the QR Code that was given to you.

If this is the first time you are logging into Classlink, it will ask you to verify your network (district) password twice.

A screenshot of a web dialog box titled "Please verify your network password" with a close button (x) in the top right corner. The dialog contains two input fields: "Password" with the placeholder text "Enter your password" and "Confirm Password" with the placeholder text "Verify your password". To the right of the input fields is a circular icon containing a white silhouette of a person's head and shoulders on a blue background. At the bottom of the dialog are two buttons: a grey "Cancel" button and a blue "Submit" button.

After the initial login, it will NOT ask you for your password. It should remember you.
