The SFA reserves the following rights:

1. To waive any deviations or errors that are not material, do not invalidate the legitimacy of the bid, and do not improve a vendor's competitive position.
2. To re-award the solicitation to another vendor in the event the awarded contractor defaults in executing the formal agreement; and

The release of information by the SFA is subject to Iowa Code Chapter 22 or other applicable laws. Vendors are encouraged to familiarize themselves with Chapter 22 before submitting an IFB. The SFA will treat all information submitted by a vendor as public information unless the vendor properly requests that information be treated as confidential at the time of submission.

Any request for confidential treatment of information must be included in the transmittal/cover letter with the vendor's bid. The request must include: the name, the address, and telephone number of the person authorized by the vendor to respond to any inquiries by the SFA concerning the confidential status of the materials.

An entire IFB cannot be marked confidential. Only those sections that meet the criteria in Iowa Chapter 22 or other applicable laws for confidentiality may be marked and treated as confidential information.

2.10 IFB Clarification Process

The SFA reserves the right to contact a vendor for the purpose of clarifying price/package information to ensure mutual understanding. The SFA will not consider information if the information materially changes the IFB the Vendor has submitted to the SFA. Failure to comply with requests for additional information may result in rejection of the IFB as non-responsive.

2.11 Vendor Disqualification

Issuance of this IFB in no way constitutes a commitment by the SFA to award any contract or agreement. The SFA reserves the right to accept or reject any part of any IFB and to accept or reject any and all IFBs without penalty. This IFB is designed to provide the vendor with the information necessary to prepare a competitive bid. It is not intended to be comprehensive and each vendor is responsible for determining the factors necessary for submission of a comprehensive bid. An IFB may be rejected for various reasons, including but not limited to any of the following reasons:

The vendor fails to deliver the bid by the due date and time.

The vendor fails to comply with requests for additional information for clarification purposes, or for requests for documents and references within the time specified.

The vendor presents information requested by this IFB in a format that is inconsistent with the instructions of this IFB.

The vendor response limits the rights of the SFA.

The vendor response materially changes the service requirements.

The vendor states a service requirement cannot be met.

The vendor fails to include information necessary to substantiate that it will be able to meet a product or service requirement. A response of “will comply” or merely repeating the requirement is not sufficient. Responses must indicate present capability; representations that future developments will satisfy the requirement are not sufficient.

The vendor rejects in whole or in part the Terms and Conditions of this IFB.

Modifications, additions or changes to the Terms and Conditions of this IFB.

The vendor submits bid with missing or inaccurate pricing information on the *Official Pricing Spreadsheet* may be ineligible for evaluation and selection for an awarded contract.

Erasure or the use of typewriter correction fluid on the IFB is not acceptable. Prior to submission of the IFB, errors may be crossed out, corrections entered and initialed by the vendor authorized contact.

The vendor initiates unauthorized contact regarding the IFB with the SFA or employees/agents of the SFA.

The vendor fails to include any signature, certification, authorization, stipulation, disclosure, guarantee or other item requested in this IFB.

The vendor fails to disclose any matters that might be conflict of interest, real or apparent shall constitute a material breach of the contract.

2.12 Regulations

All vendors submitting a IFB, agree to comply with all required contract provisions identified in program regulations for programs operated (7 CFR Parts 210, 215, 220, 225, 226, as applicable), USDA Foods (7 CFR Part 250), and Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 CFR Part 200), respectively.

SECTION 3: VENDOR QUALIFICATIONS AND RESPONSIBILITIES

3.1 Requirements

The SFA is looking for a Vendor to provide bakery items listed in this IFB.

If the vendor is unable to provide food, supplies, and services to the SFA, the vendor must briefly define what can and cannot be provided including the reason. The SFA will

determine if the request is accepted. If the request is denied, the vendor IFB may be rejected.

In case of default by the awarded contractor, the SFA, after due notice, may procure the necessary food, supplies, or services from other sources and hold the awarded contractor responsible for any excess cost, including costs related to procurement (e.g., cost of labor and supplies).

Continuous documented instances of noncompliance with contract terms and conditions may result in termination of the contract.

The products and pricing of the awarded contract may be available for other SFAs or eligible entities (piggybacking), after the initial contract is awarded. By submitting a bid, the vendor agrees to make the same contract terms and conditions, products and price available to other SFAs and eligible entities. The SFA will not in any way incur any liability in relation to specifications, delivery, payment, or other aspect of purchases by any other SFA or other eligible entities.

If the value of this contract increases by 10% it will constitute a material change. This will require the SFA to re-bid the contract. In general, a material change can be thought of as a change made to a contract after it has been awarded that alters the terms and conditions of that contract substantially enough, to the extent that had other vendors known of these changes in advance, they could have bid differently and more competitively. As such it is not expected that the total value of this IFB will increase or decrease significantly.

3.2 Federal Procurement Requirements

All vendors submitting a sealed bid agree to comply with all the required contract provisions identified in Child Nutrition Programs procurement regulations for those programs the SFA operates. The applicable regulations are [*insert* NSLP 7 CFR Part 210.21, SBP 7 CFR Part 220.16, SMP 7 CFR Part 215.14a, SFSP 7 CFR Part 225.17, CACFP 7 CFR Part 226.22, FDP 7 CFR 250, *as applicable*] and Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 CFR Part 200).

3.3 Business Ethics

The vendor must have a satisfactory record of performances, and must not have been notified by any local, state, or federal agency with competent jurisdiction that vendor's standing in any matters whatsoever would preclude it from participating in a contract. The vendor shall provide information on any litigation, arbitration, mediation, administrative proceeding, investigation, or like matter, related to their business activities in which they are currently a party to or in which they were a party within last four (4) years.

The vendor shall comply with any reasonable requests for information.

The vendor shall not include, without prior approval; the SFA's name in a published list of customers.

The vendor agrees not to publish or cite in any form any comments or quotes from the SFA without prior approval.

The vendor agrees not to refer to the contract award in commercial advertising in such manner as to state or imply that the vendor products or services provided are in any way endorsed or preferred by the SFA.

The vendor must note any and or matters that might constitute a conflict of interest, real or apparent.

3.4 Nutrition Standards in Child Nutrition Programs and Definitions:

Below are the requirements of SFAs to procure foods to be in compliance with the nutrition standards of Child Nutrition Programs:

WHOLE GRAIN-RICH - Child Nutrition Programs have whole-grain rich requirements. This means that at least 50 percent of the grain product must be whole grain meal and/or flour. The remaining 50 percent or less of grains, if any, must be enriched. Foods that are 100 percent whole grain meet the whole grain-rich criteria. Foods are not required to be 100 percent whole grain. Therefore, foods between 50 and 100 percent whole grains are allowable. (SFAs can strategically utilize non whole-grain rich items in a limited capacity.)

CREDITABLE GRAINS - Whole meal, whole flour, enriched meal, enriched flour (and/or bran or germ for CACFP, SFSP and afterschool snacks only)

SODIUM - Sodium amounts are closely monitored. Low sodium and reduced sodium items will be specified within the Product Specification Spreadsheet.

3.4.1 Processed Product Documentation

Child Nutrition (CN) labels and Product Formulation Statement (PFS) for processed product(s) are a way manufacturer's can communicate with the SFA on how product(s) may contribute to the meal pattern requirements for meals served under CNPs.

The awarded contractor may be asked to provide the SFA with Product Formulation Statements (PFS) for all bakery items.

3.4.2 Product Formulation Statements

When available, the PFS must be current and accurate. Awarded contractor shall provide updated and new PFS within five (5) business days after the request is made by the SFA throughout the SY.

The PFS must be on a signed manufacturer's letterhead that demonstrates how the processed product contributes to the meal pattern requirements. Creditable ingredients listed in the PFS must match a description in the *Food Buying Guide for School Meals Programs*. The PFS should verify that the product's contribution to the meal pattern requirements is not greater than the serving size of the product. PFS should assure that the creditable components are in the finished product.

3.4.3 Nutritional Facts and Ingredient Labels

Nutrition Facts and Ingredient labels must be kept current and readily available for the SFA members. Allergen information must be included in the Ingredient Label as required by the Food Allergen Labeling and Consumer Protection Act.

3.5 Service Requirements

3.5.1 Ordering Procedures

The SFA prefers an online ordering process, however alternative ordering procedures will be considered.
